

Our Terms

At Sud Ovest we have created three catering options to suit your catering needs. These are designed to make each of your functions a fun and enjoyable experience. The Catering Options are:

FOOD IN MOTION

This type of function is for drinks parties, your canapés are presented on beautiful platters which our serving staff carry around serving your guests. The canapés can be in the form of bite-sized little morsels to drop into your mouth, or we can turn them into something more substantial for a longer get together.

FOR THIS TYPE OF FUNCTION THERE WILL BE A COST FOR THE CHEF AND SERVING STAFF

DROP AND GO

This is what Sud Ovest does to make life easier for the hosts. We cook and prepare everything for your dinner party or family gathering. The meal can either be completely finished off in our kitchens, or you can finish it off in your oven at home.

We will deliver the prepared meal to your kitchen, this can be served directly on our platters, or you can pass it off as your creation using your own crockery.

THE SECRET WITH THIS TYPE OF FUNCTION IS TO KEEP YOUR GUESTS GUESSING

CHEF IN YOUR HOME

Chef in your home brings the joy of restaurant quality food to the comfort of your home. This gives you the facility to entertain your guests at home. We put one of our chefs into your kitchen, he arrives with everything prepared and just needs to finish it off in your kitchen. When we leave, your kitchen will be spotless, there is no aftermath to dread the next morning.
